

## INSTRUCTIONS FOR The IV Lock Boxes(2505M12-M15)

**Step 1.** Open the pod and loosen the locking wheel on the inside of the box.

**Step 2.** Turn the mounting knob to make room for the pole. Mount the pod to the IV pole and tighten the mounting knob.

**Step 3.** Tighten the locking wheel on the inside of the pod. Once tightened the POD cannot be removed from the pole without opening the box.
